Poverty and sickness being the only qualifications necessary for admission, the Committee appeal for contributions from anyone personally interested in a Patient.

REPORT OF THE COMMITTEE OF MANAGEMENT FOR 1942

The Committee of Management have the honour to present the ninety-sixth Annual Report to the Governors of the Hospital.

It is with profound regret that we have to record the death, on the 16th January, 1942, of His Royal Highness The Duke of Connaught, K.G., who for sixty-three years was Patron of this Hospital.

Notwithstanding wartime difficulties, the year 1942 has been one of revival of Hospital activities and, indeed, development in many important directions, particularly as the result of the reopening of further beds.

The number of In-patients admitted during the year was 788, compared with 516 during the preceding year.

The total number of new Out-patients was 2,477, compared with 1,753 in the preceding year, and the total number of Out-patient attendances was 7,423, as against 5,658 last year.

FINANCE

While our total gross income, which, for the year under review, amounted to £14,802 6s. 1d., exceeded the total income for the previous year by some £3,555, our expenditure, which amounted to £13,033 17s. 3d., exceeded the expenditure of the preceding year by £2,780, it is important to remember that a heavy liability for repairs and renewals at the Hospital is still accumulating, as will be obvious from the following figures:—

EXPENDITURE ON REPAIRS AND RENEWALS							
Pre-War.			£	During War.			£
1935	...	...	993	1940	...	...	309
1936	...	...	1,113	1941	...	...	418
1937	...	...	677	1942	...	...	272
1938	...	...	611				
1939	...	...	750				
			£4,144				£999
Average per annum			£829				£333

In comparing the foregoing figures, regard should be paid to the substantial wartime increase in extra cost of both labour and materials.

Since the close of the year under review, the Hospital has adopted the scheme recommended in the First Report of Lord Rushcliffe's Nurses' Salaries Committee—this will also involve increased expenditure in all future years.

DEEP X-RAY THERAPY

The Committee of Management are very happy indeed to draw attention again to the very valuable services which are being rendered through the wonderful Deep X-Ray Therapy apparatus possessed by the Hospital. This department, under the direction of Dr. E. W. H. Shawcross, gave 1,107 treatments, compared with 1,077 in 1941.

APPOINTMENT OF RESIDENT REGISTRAR

In consequence of the increased activities of the Hospital, and the numerous claims which have been made on the depleted numbers of our Honorary Staff, it was decided to create an additional and senior post. This new post of Resident Registrar provides for a Resident Medical Officer available in the Hospital at all times, in addition to the House Surgeon.

Miss I. R. Bishop, M.D., M.CH., was appointed to this post in November, 1942.

COMMITTEE OF MANAGEMENT

At the conclusion of the Annual General Meeting of the Governors, the Committee of Management unanimously re-elected as its Chairman, Sir Charles Howell Thomas ; as Vice-Chairman, Lady Mary Baring ; and as Treasurer, The Lord Manners.

The members of the various Sub-Committees : Finance, House, etc., were re-elected *en bloc*.

MEDICAL STAFF

Another member of our Honorary Staff, Mr. G. F. Gibberd, M.B., M.S., F.R.C.S., F.R.C.O.G., joined the R.A.M.C. during the year under review, and notwithstanding their reduced numbers, the Honorary Staff still available for work in the Hospital have continued to render valuable services, for which the Committee of Management desire to record their profound appreciation.

NURSING AND ADMINISTRATIVE STAFF

The high standard of nursing, for which the Hospital enjoys such a great reputation, has been maintained during the year.

The Committee place on record their grateful thanks for the valuable service rendered by the Matron, Assistant Matron, Almoner, Nurses, Secretariat, and Domestic Staff in these abnormal and very trying times.

CONTEMPLATED POST-WAR HOSPITAL DEVELOPMENT

During the year under review much consideration has been given to the part which Voluntary Hospitals, such as this, will be called upon to play after the war. A Special Women's Group Committee

of London Hospitals was formed to explore this problem, and particularly the extent to which co-operation and collaboration between the four Women's Special Hospitals in London might be contemplated after the war.

The Samaritan Hospital was represented on this Group by the Chairman of the Committee of Management, Sir Charles Howell Thomas, and the Chairman of the Medical Committee, Mr. R. Christie Brown; Mr. John Miller, a member of the Committee of Management, kindly undertook to be the Honorary Secretary of this Sub-Committee.

This Committee of the Women's Group, of which our Chairman has been elected Chairman, and Mr. Cooling, Secretary of the Chelsea Hospital for Women, is Honorary Secretary, continues to function. It is felt that whatever the future of Voluntary Hospitals in this country may be, the need for collaboration between such institutions as the four Specialist Women's Hospitals in London will be emphasised.

The Committee of Management are represented on the British Hospitals' Association by the Chairman of the Hospital, Mr. R. Christie Brown, and Capt. Grantham; by the Chairman and Capt. Grantham on the Hospital Saving Association; by Capt. Grantham on the Hospital Saturday Fund.

GENERAL

It is again felt necessary to remind our generous supporters, to whom this Hospital is so deeply indebted, of the great wartime difficulties which continue to be experienced by this Hospital. The Centenary of the Hospital falls in the course of the next three years. By then it is sincerely hoped that the international situation will be such that we shall be at peace, and that urgent work which, during the war, has necessarily been postponed, may be put in hand, and the work of reconstruction and redevelopment proceed with confidence in the light of post-war conditions.

In these days, with Income Tax at 10s. in the £, the advantages to the Hospital of subscriptions being made under Deed of Covenant, a form for which appears on page 27, are obvious. By completing that form subscribers can double the value to the Hospital of their subscription.

The grateful thanks of the Committee are extended to those who have renewed their subscriptions and donations during the past year, and particularly to those who have signed the Deed of Covenant.

Notwithstanding great difficulties, the proud record of this Hospital which, during the past ninety-six years, has afforded relief to over three-quarters of a million suffering women, many of whom were cancer patients, and most of whom were poor and needy mothers, has been maintained. It is hardly necessary to remind those who have so generously supported the Hospital in the past that the extent to which this great work can be continued depends upon their generosity, but new subscribers are urgently required, and legacies, a form for which is on page 11, are particularly welcomed.
